

## **Solicitors Specialising in the Construction and Related Sectors**

Silver Shemmings LLP is a progressive legal practice offering clear and practical advice. This means that we deliver realistic advice and support aimed at strengthening your business.

Our philosophy is that the most commercially sensible course is, where possible, to avoid a dispute as this can escalate costs and potentially damage our clients' relations with their customers and/or suppliers.

### **Our areas of experience and expertise:**

- Dispute Resolution
- Construction & Engineering
- Commercial & Corporate
- Employment
- Property Law
- Environmental Law
- Health & Safety
- Insolvency

### **Our Sectors:**

#### **Projects & Construction**

The Construction Sector faces many challenges, with the prevailing economic climate being at present a major cause of concern. Silver Shemmings sets out to understand the particular pressures its clients are operating under and to provide clear and practical commercial advice to enable them to meet their objectives, whether this is in relation to a project or in a dispute situation.

#### **Manufacturing**

At Silver Shemmings, we can help you deal with the legal aspects of the challenges currently facing the manufacturing industry, challenges such as globalisation, regulations, health & safety and environmental issues. We have a team of specialised legal professionals who can advise on a wide variety of legal issues.

#### **Energy**

Our experience of the construction and engineering sectors enables us to advise employers, construction professionals and contractors involved on projects in the Energy Sector.

#### **Transportation**

Our experience of construction and engineering within the transportation industry enables us to advise Employers, Engineers and Contractors at all stages in a project

#### **Technology, Telecommunications & IT**

At Silver Shemmings we understand the commercial and business needs of businesses in the Technology, Telecommunications, IT and Support Services Sectors and have lawyers with the specialisms required to give the legal advice and support you need.
